Revoke Your Consent

You may revoke or take back your written consent to share your information at any time in writing by mailing your request to TCRN at the address listed below. If you revoke your written consent, it will be effective for future uses and disclosures of your protected information. Once your authorization has been revoked, we will render your record inaccessible and our referral partners will no longer be able to see your information in our system. However, the revocation will not be effective for information that we have used or disclosed to a referral partner in which we depended on your authorization or consent and prior to the receipt of your written revocation. After revocation, we will continue to store and use your information internally for our own business purposes, including auditing, accounting, training, and quality improvement.
